## STATEMENT OF OBJECTS AND REASONS.

The Tamil Nadu Private Universities Act, 2019 (Tamil Nadu Act 14 of 2019) enables the Government to permit the establishment of a Private University by any sponsoring body, by inclusion of the name of the University, its location and the details of the sponsoring body in the Schedule to the said Act. Section 9 of the said Act provides for amending the Schedule by the Government to include a private university, after satisfying that the sponsoring body has fulfilled the conditions of Letter of Intent. Accordingly, so far eight private universities have been included in the Schedule by amending it, by way of notifications.

2. The University Grants Commission has stated that as per section 2(f) of the University Grants Commission Act, 1956 (Central Act III of 1956), a university can either be established by the Act of the Parliament or by the Act of the State Legislature. It has also stated that the amendment to Schedule should be made by an Act of the State Legislature and not by issue of notification by the State Government. The University Grants Commission has, therefore, requested to get the aforesaid private universities to be established by including their names in the Schedule through an Act of the State Legislature.

3. In view of the above, it has been decided to amend the Tamil Nadu Private Universities Act, 2019 (Tamil Nadu Act 14 of 2019) suitably for inclusion of the said eight private universities in the Schedule to that Act and to suitably amend certain other provisions of the said Act in tune with the suggestions of the University Grants Commission.

4. The Bill seeks to give effect to the above decision.

(ii) One question on ECE in Phase I
(iii) One Question on integration in Phase II and Phase III

II. **Condonation of lack of lack of attendance for MBBS students.**

The Chairperson informed that in the previous **BOS meeting** attendance requirement was suggested at 80% for theory and 80% for practical when compared to 75% for theory and 80% for practical prescribed by the NMC.

He informed that some students may be lacking the minimum eligibility criteria of attendance due to illness or some family problem etc., and that they may be considered to a maximum of 10% condonation and admitted to University examination after getting substantiate proof and case by case study. He requested the remarks of the members.

Dr.V.Leela said that some students who lack of attendance upto 5% may be given remedial classes to gain the minimum attendance and who lack below 65% may be detained and those who are in the range of 65% to 75% in theory and 70% to 80% in practical may be entertained provided that they are on medical grounds otherwise the students will not give importance for attendance and just pay the fee for lack of attendance and enter into university examination. Suspension from the course shall be treated as absence.

The Chairperson said that attendance will be closed on the last day of model examination and that the students who are lacking in attendance below 65% will not be entertained for University examination. But for the students who are above 65% may be considered for condonation only on Medical grounds duly approved by a Committee appointed for this. This Committee will examine and recommend for condonation of lack of attendance and suggest fee for condation of lack of attendance even for the

students admitted under 7.5% category. Dr.Leela suggested that 10% of tuition fees may be levied as a condonation fee. The Chairperson suggested that a sum of Rs.50,000/- may be prescribed per subject for issuing condonation orders by the University. However all the members suggested that recommending condonation of attendance and levying condonation fee for lack of attendance may be decided by a special committee case by case.

The Chairperson further informed that the Academic Council in the 1st meeting held on 3rd March 2023 approved 80% attendance for theory and 80% attendance for Practical/Clinical may be reverted to NMC norms as 75% for theory and 80% for practical/Clinical. With the consent of all members the following resolution is passed.

2. **Resolved to recommend to implement attendance requirement for MBBS students for theory at 75% and 80% for practical/Clinical as per the norms of the NMC Regulations 2019 duly amending the earlier resolution of the Academic Council held on 3rd March 2023. This change will be implemented from 2022-23 batch onwards.**

3. **Resolved to recommend to grant condonation for lack of attendance for MBBS students up to 10% for theory/practical/Clinical only on Medical grounds/Family problem duly recommended by a committee case by case. The Committee may also suggest the condonation fee for grant of condonation orders.**
